## May 2013- June 2013

### Workforce Futures

The AHA(WA) is delivering a new collaborative initiative for members designed to improve the capacity and capability of the workforce. With funding from the Commonwealth Government and industry the Workforce Futures program brings experienced industry Skills Advisors to your business.

Right now, the Skills Advisor Network is being rolled out across the country. Skilled and qualified AHA(WA) advisors will undertake a detailed diagnostic of your business. This will help to inform you, and assist in planning for your workforce needs.

The advisors will assist you in identifying government funded training and workforce development programs to help meet your business needs.

**The sessions are available free of charge.**
