As I'm sure you are all aware both Christmas Day and New Year's Eve have different trading hours to other days of the year. ### Important Notes:

**All Licence Categories:** It is important to check your Licence and ETP documents as there may be specific hours, conditions or Section 64 restrictions which could affect your hours or trading conditions contrary to those in the above table.

**Restaurant Licence:** Liquor without a meal ETPs only apply for the same trading hours as allowed under a Hotel, Tavern or Small Bar Licence. You should also note the stand-up cocktail functions will require a one off ETP.

**Producers Licence:** Onsite consumption beyond tastings is only allowed if specified on your licence in the area approved by the director.

**Special Facility Licence:** It is important that you check the trading hours on your licence especially regarding New Year's Eve, as you may require a one-off variation to your conditions to trade past midnight.
