

**Who will  
care about  
small business?**

**Mr Barnett and Mr McGowan,**

*Over 70,000 small businesses in Western Australia deserve more from you.*

*They employ almost half of WA's workforce and are struggling with the burden of payroll tax.*

*Now they're waiting. Waiting for you to act and relieve the tax burden that stops them from employing more Western Australians.*

*Pay attention to small business this election. Lift the tax on jobs now. We're waiting for your response.*

*Visit **votelbusiness.com** and show your support for local small business. We do.*
